Vegan Betrayal: The Myths vs. the Realities of a Plants ... Control for lifestyle habits, as every useful nutrition study must, and then compare a vegetarian or vegan diet to one of whole plants and judicious amounts of wild-caught fish or pastured meat—like the seafood-loving Mediterranean diet or the animal-adoring French diet—and the health advantages either disappear or are greatly surpassed. Mara Kahn: "Vegan betrayal: Love, lies, and hunger in a ... Mara Kahn, author of Vegan Betrayal: Love, Lies, and Hunger in a Plants-Only World, delves deep into the history and science of veganism, revealing many oft-ignored facts about this strictly plant-based diet. Vegan Betrayal: Love, lies, and hunger in a plants-only ... Vegan Betrayal: Love, lies, and hunger in a plants-only world by Mara Kahn Science meets sensuality in this penetrating examination of veganism, its scant history, dazzling health claims, fiery proponents, and growing throngs of disillusioned drop-outs.

Vegan Betrayal by Mara J. Kahn - The Weston A. Price ... Vegan Betrayal takes us for an interesting and well-written stroll through the morass of eating philosophies, shattering myths along the way—the myth of the China Study, the myth that animals are not killed to produce plant foods, the myth that soy protein is more environmentally friendly than meat, the myth that veganism will make you into a skinny bitch irresistible to men. A big thumbs up for this important contribution to the debate on what to eat. Vegan Betrayallove Lies And Hunger In A Plants Only World ...
